Localización del número de serie y la clave del producto

Al instalar SketchBook Designer, se le solicitará que introduzca el número de serie y la clave del producto en la página de información del producto y del usuario, o bien, que instale el producto en modo de prueba. Si decide instalar el producto en modo de prueba, podrá introducir la información del producto en cualquier momento durante el período de prueba.

NOTA SketchBook Designer y el complemento de SketchBook Designer for AutoCAD comparten la licencia y la activación. Al activar una aplicación, la otra se activa automáticamente. Asimismo, los períodos de prueba están vinculados, de modo que la prueba de una aplicación iniciará el período de prueba de la otra, aunque todavía no esté instalada.

El número de serie y la clave del producto se encuentran en la parte exterior del envoltorio del producto o en el correo electrónico de información sobre actualizaciones y licencias de Autodesk. Asegúrese de que dispone de ambas claves antes de instalar el programa; de este modo, no tendrá que detenerse en mitad de la instalación.

El número de serie debe contener un prefijo de tres dígitos seguido de un número de ocho dígitos. La clave del producto tiene cinco caracteres.
